Development of a research program, conducting a sociological survey among labor migrants, processing statistical data, presentations at conferences and working meetings, preparing a report.

January-December 2019 IOM Mission in Kazakhstan, Kyrgyzstan, Turkmenistan and Uzbekistan project "Asian Regional Program for Migration" in the framework "Asia Regional Migration Programme" funded by the US Bureau of Population, Refugees and Migration, Government of the United States (PRM-PIM USA), Return migration. International approaches and regional features of Central Asia, Individual Contract

Reference Person: Yevgeniy KHON, National Programme Officer of the Sub-regional Coordination Office for Central Asia of the International Organization for Migration, E-mail: ykhon@iom.int

Concept development for the tutorial Return migration in Central Asia. Leading a team of experts - the authors of the textbook. Organization of working meetings and discussions with the authors of the textbook. Editing parts of the textbook. Preparation of assignments and educational questions. Approbation of the textbook on the basis of the Academy of Civil Service in Kyrgyzstan.

January 2019 ILO Regional Office for Asia and the Pacific, Bangkok (Thailand) Project “Base-line Study for collecting and sharing labour market and mobility information in the APEC” (Case of the Russian Federation), Individual Contract

Reference Person: Nilim BARUAH, ILO Regional Office for Asia and the Pacific Senior Officer, E-mail: baruah@ilo.org

The overall objective of the project is to enhance the collection and sharing of international labour market and mobility data in the APEC economies as per international standards and good practices. Towards this end, the project assess what labour migration (stocks and flows) and labour market data is being collected in the 21 APEC economies. The study identify data collection sources, data collection and sharing gaps, opportunities for data comparability as well as capacity building needs. The external collaborator be responsible for collecting information and drafting a report on international labour migration statistics; and labour market statistics, and data collection and analysis on labour/skills demand, supply and shortages, for the Russian Federation.

May-June 2018 UNDP PROGRAMME “SUSTAINABLE AND INCLUSIVE ECONOMIC GROWTH”, Bishkek (Kyrgyzstan). Research Report “Support in development of recommendations on economic instruments for the protection of the rights of migrants including SDG targets”, Individual Contract

Reference Person: Kanykey Orozbaeva, UNDP SEG Advisor and Projects Portfolio Coordinator, E-mail: kanykey.orozbaeva@undp.org

A scoping mission to Kyrgyzstan to analyze the conditions for development of recommendations on economic instruments for the protection of the rights of migrants (liberalization of the service sector where migrants operate under EEU and other multilateral treaties) and assess the contribution of Kyrgyz migrants to the economies of the main recipient country destinations. Final report with 1) recommendations on economic instruments for the protection of the rights of migrants (liberalization of the service sector where migrants operate under EEU and other multilateral treaties); 2) assessment the contribution of Kyrgyz migrants to the economies of the main recipient country destinations.

March 2018 – December 2019 COUNCIL ON GRANT PRESIDENT OF THE RUSSIAN FEDERATION. GRANT SUPPORT FOR LEADING SCIENTIFIC SCHOOL, Moscow (RUSSIA), Labor migration to Russia: Economic effects and socio-cultural risks

Development of a comprehensive methodology for assessing economic effects and risks of labor migration on the one hand, as well as socio-cultural risks and effective practices of socio-cultural adaptation of migrants in Russia on the other hand. And also the development of practical recommendations on the improvement of Russia's migration policy in the field of labor migration regulation with the aim of achieving a balance of interests between the economic interests of the country and minimizing sociocultural risks for society through the development of programs for the adaptation and integration of migrants.

January 2016 - December 2017 UNFPA PROJECT "SUPPORT FOR THE IMPLEMENTATION OF THE DEMOGRAPHIC SECURITY PROGRAM OF THE REPUBLIC OF BELARUS", which is funded by the Government of the Russian Federation, Minsk (Belarus), Individual Contract

Reference Person: Dr. Marianne Sakalova, Project Manager UNFPA, Tel/fax: +375 17 327 4527, E-mail: sakalova@unfpa.org

Leading a group of experts on the preparation of the textbook "Practical Demography" for officials of the Republic of Belarus. Organization and holding of a scientific and practical conference on demographic and migration policy. Organization of internships for civil servants and scientists from the Republic of Belarus in Moscow on issues of demographic and migration policies. Preparation and scientific editing of the national report "The demographic development of the Republic of Belarus".

***March 2016 – December 2018* THE RUSSIAN SCIENCE FOUNDATION, MOSCOW (RUSSIA), EMIGRATION FROM RUSSIA AND THE FORMATION OF THE RUSSIAN-SPEAKING COMMUNITIES: NEW TRENDS, SOCIO-DEMOGRAPHIC AND ECONOMIC CONSEQUENCES, DIRECTIONS OF STATE POLICY**

To identify the characteristics and consequences of emigration from Russia, and also to develop the conceptual provisions of the state policy in the sphere of migration and diaspora politics. Achieving these goals determines the need for the following tasks: 1) Identify channels and assessment of the extent of emigration of Russian citizens abroad (channels of migration for permanent residence, temporary work, study, via a forced migration in the form of marriage migration, the adoption of Russian children by foreign citizens and others); 2) Identification of factors and the construction of an econometric model of factors emigration of Russian citizens abroad; 3) Develop a methodology integrated assessment of socio-demographic and economic consequences of emigration from Russia, as well as the assessment of the impact and the loss of economic and demographic potential of emigration from Russia in 1991-2015 years; 4) The generalization of good practices and study opportunities in the use of foreign experience of the state policy in the field of reducing emigration outflows; 5) The conceptual justification for the concept of "Russian-speaking community" as a socio-cultural phenomenon, formed under the influence of active emigration from Russia in 1990-2010-ies. The definition of its relationship with other terms and concepts adopted in the migration and diaspora politics ("compatriots", "Russian world" and so forth.); 6) Identify features of the settlement, the socio-demographic structure and economic potential of the Russian-speaking community in key countries, and the development of their typology; 7) Assessment of the effectiveness and improvement of public policies to reduce the "ejector" emigration factors at the federal, regional and local levels. Development of measures to improve migration and socio-economic policy of Russia in order to reduce emigration outflows abroad; 8) Summarizing the experience of foreign countries in attracting resources of diasporas for the development of sending countries. The development of measures to attract Russian-speaking community resources for socio-demographic and economic development of Russia.

***January 2013 – December 2015* OPEN SOCIETY FOUNDATION, London (UK), Central Eurasia Project, Research Project "IMPROVING THE EVERYDAY LIVES OF CENTRAL ASIAN MIGRANTS IN MOSCOW AND KAZAN IN THE CONTEXT OF RUSSIA'S MIGRATION 2025 CONCEPT: FROM LEGISLATION TO PRACTICE"**

Reference Person: Project Manager, Dr. John Round, tel.: +7-916-630-66-48, e-mail: jround@hse.ru

The project's overall goal is to examine the everyday experiences of Central Asian labor migrants in Moscow and Kazan in the context of changing migration legislation and cultural attitudes. Its main impacts will be the more effective implementation of Russia's new migration concepts into legislation and practice, the increasing of NGO capacity for assisting migrants and support for migrants themselves; leading to the significant improvement of the lives of labor migrants in Russia. The main objective is the completion of an in-depth critique of Russia's Migration 2025 concept, and how it is turned into legislation and practice, by examining the reasons behind its creation, its implementation and the tensions it causes within government, society and for migrants. This will be achieved by researching the everyday problems labor migrants, and their families, from Uzbekistan, Tajikistan and Kyrgyzstan experience in Moscow and Kazan, and developing the analysis into effective advocacy for state and NGO organizations. The project's methodologies include interviews with state employees and practitioners and long-term ethnographies and participant observations with migrants, and their families, in Moscow and Kazan and in their home regions. The outputs include policy reports and presentations for all relevant parties, advocacy websites, handbooks for migrants and NGOs, the creation of courses for university students, international and national conferences/workshops and numerous academic outputs.

April-August 2014 UNITED NATIONS ECONOMIC AND SOCIAL COMMISSION FOR ASIA AND THE PACIFIC, Social Development Division, Bangkok (Thailand), PROJECT "FACILITATING MIGRATION MANAGEMENT IN NORTH AND CENTRAL ASIA", RESEARCH REPORT "IMPACT OF INTERNATIONAL MIGRATION ON THE ECONOMY OF THE RUSSIAN FEDERATION".

Reference Persons: Population Affairs Officer Vanessa STEINMAYER, tel.: +66-2-288-2131, E-mail: steinmayerv@un.org and Attaché, Assistant Permanent Representative of the Russian Federation Ilya ANDREEV, tel.: +66-2-234-98-24, e-mail: andreevsmail@yandex.ru

In the research a study on the role and contribution of migrant workers to the economy of the Russian Federation, which contribute to increasing the knowledge base on the contribution of migrant workers to countries of destination and origin. The study should include: assessment or estimation of the percentage of migrant workers (out of total workers) employed in different sectors of the economy of the Russian Federation; assessment of wages per sector and skill level of migrant workers compared wages of Russian nationals in the same sector; assessment of the skill level of unemployed Russian nationals; estimation of the contribution of migrant workers to consumption in the Russian Federation; estimation of the contribution of migrant workers to the GDP of the Russian Federation; overview and assessment of the contribution to private sector activity in the Russian Federation; overall conclusions (quantitative and qualitative) on the contribution of migrant workers to the economy and society of the Russian Federation. Report present at an expert group with researchers and policymakers.

January 2012 - December 2014, RUSSIAN FOUNDATION FOR BASIC RESEARCH, Moscow (Russia), Research Expedition Project "Statistical and mathematical evaluation of the contribution of temporary labor migration processes in the natural movement (births, deaths, health) of the population of the Russian regions" (№ 14-06-10028 κ),

Reference person: Deputy of Head of the Branch of Science about Human and Society Ms. Tatyana SOKOLOVA, tel.: +7 (495) 952 53 46, e-mail: sokolova@rfbr.ru

The project reveals the influence of temporary labor immigration processes vital (fertility, mortality, health status) , taking into account regional differences in Russia. Defined contribution and trends in fertility and mortality of migrant workers in Russia and some regions on the basis of available statistics of the current accounting processes vital. Typology of Russian regions on deposit “migration components” in the vital processes. A strategy for the actions of federal and regional authorities, and practical recommendations for the development of access to health care and mortality of migrant workers and the local population in Russia and certain regions.

October 2013 - April 2014, EURASIAN DEVELOPMENT BANK, Alma-Ata (Kazakhstan), Research Project “The dynamics of structural factors and to assess their impact on the labor market of the EurAsEC countries in the context of integration” (№ PDV-13-469)

Reference persons: Specialist of Technical Assistance Ms. Gulnara KUANYSHEVA, tel.: +7 (727) 244-4044 ext. 6969, e-mail: Kuanysheva_gg@eabr.org

Investigation of impact of trade and mobile factors (labour, capital) on the structure of labour markets of integrating states of the Eurasian Economic Community, taking into consideration the prospects of common labour market enlargement, and working out the recommendations on transformation of labour law and labour market regulation, taking into account the structural factors, for the governments of integrating states

January 2013 – June 2014, COUNCIL OF THE BALTIC SEA STATES, Stockholm (Sweden), Project “The Task force against Trafficking in Human Beings under the auspices of the ADSTRINGO Poland and Russia project (Addressing trafficking for labour exploitation through improved partnerships, enhanced diagnostics and intensified organizational approaches)”, Research Report “Trafficking in human beings for labour exploitation and irregular labour migration in the Russian Federation forms, trends and countermeasures”

Reference persons: ADSTRINGO Project Coordinator Ms. Vineta POLATSAIDE, Vineta.Polatside@cbss.org; Coordinator of the Project in the Ministry of Foreigner Affairs of Russia Ms. Marina VIKTOROVA, marvikt@list.ru; Coordinator of the Project in the Ministry of Foreigner Affairs of Russia Mr. Vladimir SURKOV, vladimir_surkov@mail.ru

The project gives estimates of the extent of trafficking and labor exploitation in the Russian Federation, revealed the relationship between labor migration, labor exploitation and human trafficking in Russia. Prepared and published by the national report “Trafficking for labor exploitation and illegal labor migration in the Russian Federation: the forms, trends and opposite reaction”.

July 2012 - March 2013 EUROPEAN COMMISSION, EUROPEAN UNIVERSITY INSTITUTE, Robert Shuman Centre for Advanced Studies (RSCAS), Florence (Italy), Research Project “Creating an observatory of migration East of Europe”, Research Paper “Russian Federation (Case study): Chinese investment strategies and migration - does diaspora matter”

Reference persons: CARIM-East, INTERACT and MIGMEDCIS Project Coordinator Agnieszka WEINAR, tel.: +39 055 4685 768, e-mail: Agnieszka.Weinar@EUI.eu; Coordinator Aurélie BOURSIER, tel.: +39 055 4685 – 892, e-mail: Aurelie.Boursier@EUI.eu

The study included a review of the scientific literature, the comparison of statistical data on Chinese investment in the Russian and Chinese migration to Russia, expert interviews. Scientific report describes the number and dispersal of the Chinese diaspora in Russia, the direction and extent of migration of Chinese in the Russian regions, the direction and amount of investment from China in the Russian economy. The correlation between Chinese investment and labor migration from China. Estimations of Russian laws regulating labor migration from China.

July 2012 - March 2013 EUROPEAN COMMISSION, EUROPEAN UNIVERSITY INSTITUTE, Robert Shuman Centre for Advanced Studies (RSCAS), Florence (Italy), Research Project “Creating an observatory of migration East of Europe”, Research Paper “Russian Federation and migration: Regional perspective”

Reference persons: CARIM-East, INTERACT and MIGMEDCIS Project Coordinator Agnieszka WEINAR, tel.: +39 055 4685 768, e-mail: Agnieszka.Weinar@EUI.eu; Coordinator Aurélie BOURSIER, tel.: +39 055 4685 – 892, e-mail: Aurelie.Boursier@EUI.eu

The study includes a review of the scientific literature, statistics, laws regulating migration in Russia. The focus of the project was the migration from Central Asia to the Russian Federation. The models of migration management were developed in Central Asia. The features of the settlement and the formation of by migrant diasporas Central Asian peoples in Russia. Analyzed international and bilateral legislation to regulate migration between Russia and the Central Asian countries.

January 2012 - December 2014 RUSSIAN FOUNDATION FOR BASIC RESEARCH, Moscow (Russia), Research Project “Transformation of temporary migration to permanent migration: method of estimating the trends and socio-demographic consequences for Russia”

Reference person: Youth Programme Director Ms. Irina ZHURBINA, zhurbina_ia@rfbr.ru

The project studied the temporary forms of migration in Russia, which gradually transformed into permanent migration. The country's population is becoming more “saturated” migrants. First, it implies the need to increase the cost of social services of temporary workers (health care, utilities, system of education for migrant children, etc.). Second, require significant costs and ideological approaches to the integration process of the population, the formation of a new civilian identity of the Russian population. Migration is a political process for the country, which will directly determine the stability and security of the state.

RUSSIAN FOUNDATION FOR BASIC RESEARCH, Moscow (Russia), Research Expedition Project “Study the trends and implications of new forms of economic migration to the border regions of Russia” (№ 13-06-10037-κ), January – December 2012

Reference person: Deputy of Head of the Branch of Science about Human and Society Ms. Tatyana SOKOLOVA, sokolova@rfbr.ru

Defined types and prevalence of various forms of economic migration in the border regions of Russia. The evaluation of the socio-demographic composition of economic migrants involved in temporary movements between border regions of Russia and neighboring countries. Determined socio-economic and demographic consequences of economic migration to the border regions of Russia, including the contribution of migrants to the economic development of certain segments of the economy, labor market, etc. Analysis of the Russian federal and regional legislation in the field of regulation of economic migration in the border regions of Russia in terms of cross-border regime, visa issues, etc.
