PROFILE

A public health enthusiast with experience in designing and implementing research and health projects. I am passionate about leveraging data-driven solutions to drive impactful change in healthcare systems, ensuring equitable access to essential services for adolescents, women, and girls especially those from vulnerable populations

CORE COMPETENCIES

Program Management, Project design and implementation, Research, Training/facilitation, team building, technical support, staff leadership, budgeting and resource allocation

ACADEMIC EXPERIENCE

- **PhD Child and Adolescent Health (in view), Institute of Child Health** **2023 - date**
University of Ibadan

PROFESSIONAL EXPERIENCE

- **Center for Comprehensive Promotion of Reproductive Health** **2019- date**
Senior Programs Coordinator
 - Provide overall leadership in the conceptualization, planning, and implementation of all projects and research at the center
 - Management of over 20 organizational staff
 - Supervise day-to-day organizational business operations using certified indicators to measure overall impact
 - Ensure the implementation of organizational and individual strategic development plans
 - Oversee engagement and resource mobilization activities in conjunction with the board and active engagement with donors, funders, and partners
 - Programs implementation, management, and coordination across all states of operation - (Borno, Yobe, Adamawa, Sokoto Kebbi, Bauchi, Ebonyi, FCT, Oyo, Ekiti, Osun)
 - Project conceptualization and development,
 - Participate in the conduct of research including clinical trials (field and hospital-based),
 - Overseeing monitoring and evaluation of multiple donor-funded projects at the center, Conduction of training on data management for implementing partners, Data collation, entry, analysis, and report writing

Achievements

UNFPA Projects:

- Design and ratification of project activities, work plans, and budgets
- Coordinated stakeholder engagement for overall project implementation in the humanitarian (Borno, Adamawa, and Yobe states) and Development space (Oyo, Osun, Ekiti, Imo and Ebonyi states)
- Oversaw the construction, equipping, and running of nine Women and Girls Friendly Safe Spaces (WGFS) and two Youth Friendly Safe spaces (YFS) in Borno and Yobe states, Nigeria for the

provision of integrated SRH/GBV and nutrition services to Internally Displaced Persons (IDPs) in camps and host communities

- Supported the implementation of the UNFPA-UNICEF joint program on FGM elimination at the National and subregional levels which has led to the declaration of FGM abandonment by 43 communities in Oyo state Nigeria
- Supported the engagement of 13 health regulatory bodies and associations at the national and across 5 states (Oyo, Osun, Ekiti, Ebonyi, and Imo states) and 43 communities in Oyo state for FGM abandonment declaration
- Participated in the drafting of the national protocol for health workers' management of FGM complications.
- Represented my organization of the team that designed the National Policy on FGM Elimination in Nigeria
- In partnership with state-level stakeholders, oversaw the training of 740 healthcare workers on the protocol for the management of complications from FGM in 5 states Oyo, Osun, Ekiti, Ebonyi, and Imo states)
- Supported the curriculum design and training of law enforcement agents (40) and members of the judiciary (70) on their roles in Sexual and Gender-based Violence response and prosecution of perpetrators

USAID Integrated Health Project P(IHP)

- **Design, implementation and monitoring of project activities as follows:**
 - Quality of Care for Maternal and newborn health (MNH) – Bauchi, Sokoto and Kebbi states
 - Building Health Care workers capacities to provide first line of care to survivors of gender Based Violence (GBV) – Bauchi, Sokoto states and Federal Capital Territory (FCT)
 - Prompt Management of Common Childhood Illnesses and Provision of Family planning Services using Patent and Propriety Medicine Vendors and Community Pharmacist in Bauchi State (PPMV/CP project) – Bauchi state
- **Project implementation that involved the training of about 2,000 healthcare workers who in turn provided healthcare services for over 2 million individuals**

USAID Health Workforce Management Activity (HWM)

- Project conceptualization, need/baseline assessment and design
- Contributed to the design of project implementation and evaluation tools
- Coordinated activities for the training of Pre-Service Health Training Institution (PSHTI) tutors for improved teaching delivery
- Oversaw the design and development of a training curriculum for tutors improved teaching delivery informed by a needs assessment
- Logistics support for support to the NMCN for selected zonal activities – curriculum update training
- Engagement with the NMCN for effective project implementation
- Supported the review of 11 existing and the development of eight new curriculums for the Mandatory Continuous Professional Development (MCPD) modules for Nurses and Midwives onr the HWM activity
- Oversaw the coordination of Institutional Strengthen Plan Workshops for 43 PSHTI with over 150 members of the management committee of schools and government stakeholders in attendance

USAID Momentum Safe Surgery in Family Planning and Obstetrics (MSSFPO)

- Coordinated project implementation across 5 states – Bauchi, Sokoto, Kebbi, Ebonyi and FCT including the training and mobilization of members of the obstetric fistula interdisciplinary management team for of prevention and repairs
- Coordination of contributors and stakeholders for the development and adoption of SOP/TOR for core members of the obstetric fistula interdisciplinary management team
- Supervised the organization and conduct of repairs and training of approximately 200 OF patients in Bauchi, Sokoto, Kebbi, Ebonyi and FCT

➤ Centre for Population and Reproductive Health (CPRH), Data Analyst

2012- 2019

Key activities: Proposal development, conduct of research including clinical trials (field and hospital based), Monitoring and evaluation of donor funded projects at the centre, Conduction of training on project management, data management for implementing partners, Data analysis and report writing

Achievements:

I. Clinical trial: Social Support in Labour and Delivery –

Successfully concluded the recruitment and follow-up to delivery of 1,200 pregnant women attending antenatal services at a tertiary-level hospital in Nigeria

II. Using social media to improve ART Retention and Treatment outcomes among Youth living with HIV in Nigeria (YouthSMART Study) - Feasibility and Outcome):

- As an investigator on the study, I participated in project design and implementation in Akwa Ibom and Cross Rivers state in Nigeria between 2017 and 2019.
- Recruited and trained quantitative and qualitative data collectors across both states
- Recruitment and follow-up of approximately 300 adolescents and Youths for increased drug adherence following participation in online closed-user support groups
- Provision of weekly updates to USAID/FHI 360
- Coordinated project dissemination with relevant stakeholders in Akwa Ibom and Cross Rivers state

III. UNFPA Funded projects

a. Strengthening Capacity for the Use of Magnesium Sulphate and Misoprostol in Selected States in Nigeria - Kaduna, Katsina, Gombe, Sokoto, Zamfara, Kano, Jigawa (MISO Project)

- Coordinated project monitoring and evaluation activities across 6 states in North West Nigeria (Kaduna, Katsina, Kano, Zamfara, Sokoto and Jigawa) plus Gombe.
- Design and analysis of pre and post-training evaluation of project beneficiaries
- Monthly collection, collation, and analysis of data over 3 years
- Provide feedback for improved project implementation

b. Sexual and Gender-Based Violence Survey among Internally Displaced Persons in Camps and Host Communities in Northeastern Nigeria – Borno, Adamawa, Yobe and Gombe states

- Conceptualization and design of multiple surveys
- Screening and recruitment of data collectors across Borno, Adamawa, Yobe, and Gombe states
- Design of quantitative and qualitative data collection tools

- Training of data collectors
- Data collation, analysis and report writing

IV. Measurement Learning and Evaluation (MLE)/University of North Carolina at Chapel – Qualitative Assessment of the Nigerian Urban Reproductive Health Initiative (NURHI) in Three Cities in Nigeria (Kaduna, Plateau and Jos)

- Participated in project conceptualization, design of evaluation tools
- Stakeholder engagement across project states– Kaduna, Plateau, and Kwara states
- Screening and recruitment of data collectors in three project states
- Training of data collectors
- Supervision of data collection, translation of transcripts
- Report writing and publications
- Design and participation in a side event at ICFP 2018, Rwanda 2018

Oyo State Ministry of Health,

July 2011- May 2012

Primary Health Care and Epidemiology Division (Intern)

Activities- Monitoring and evaluation of various health activities in the state,
Data entry, analysis, and report writing

Peer Educator Trainer for HIV/AIDS and Reproductive Health, Maiduguri Oct 2007-Sept 2008

Educated and mentored adolescents and youths on HIV/AIDS prevention, care, and Reproductive Health

KEY SKILLS

- Demonstrable competence in assessing priorities and managing activities in a time-sensitive environment, and in meeting deadlines with attention to budget, time, and quality.
- Strong written and verbal communication skills.
- Experience with resource mobilization for organizational sustainability
- Demonstrable ability in Networking, Community Mobilization and Advocacy
- Project/Proposal conceptualization/design, writing, and implementation.
- Monitoring and Evaluation of various multiple projects.
- Program evaluation at baseline, midline, and end line
- .Capacity building on data management and analysis.
- Competence in the use of SPSS, STATA, EPI-INFO and Microsoft EXCEL
- Efficient qualitative and quantitative data management and analytical skills.
- Dynamic and result oriented.
- Excellent team player with distinct leadership qualities.
- Self-motivated and confident.

EDUCATIONAL QUALIFICATION

M.Sc Epidemiology, University of Ibadan	2010-2011
